

NUOVA SIMONELLI · PRODUCT SHEET

Appia Life

Simple and innovative.

Versions: Standard | Timer

Groups: 1 | 2 | 3

Appia Life is created based on the success of the Appia. With its high productivity and high performance, this machine is appreciated by thousands of baristas worldwide.

Appia Life has been studied for those who want a simple and trustworthy machine. It is the perfect coffee maker for large companies, coffee shop chains or wherever there is a need to prepare an abundance of great coffee.

The continuous studying and researching of the Nuova Simonelli team regarding the Appia Life, made possible the creation of a superb machine; even more comfortable for the barista with even simpler maintenance compared to the previous Appia. On top of this, now Appia Life was designed to save energy, sustain the environment, and be cost-effective.

Standard features

SIS - Soft Infusion System

SIS guarantees a soft infusion allowing a consistent result, it compensates for any incorrect coffee tamping and it avoids the channelling effect.

Drytex insulation

Boiler insulation that reduces 13% of energy consumption compared to the Appia II.

20% less environmental impact

New thermal system, new materials and optimised mechanical components, confirmed by Life Cycle Assessment.

Reverse mirror

Check the coffee dripping and cleanliness of the filter holder from a much more comfortable position.

Aligned cup warmer

The cup warmer is aligned with the top of the machine for an easier reach.

Push & pull levers

Push & pull steam levers and adjustable steel nozzles.

Easy maintenance

New adjustable nozzle attachment, new side opening system and redesigned groups.

Automatic wash

VOLUMETRIC AND TIMER

Automatic wash function.

TFT display with shot timer

TIMER ONLY

The TFT display shows the shot time, dose program, cleaning, counters and settings.

Special order

Easycream

VOLUMETRIC AND TIMER

Quick and automatic making of a dense and velvety milk cream.

Raised groups

Raised or standard height groups.

On/off electric cup warmer

On/off electric cup warmer.

Economizer

Hot water economizer.

Rail

Cup rail (2 and 3 groups).

Telemetry

VOLUMETRIC AND TIMER

Remote control function to manage the machine from a remote device.

White Pearl and Heart Red

In addition to the standard version with side panels and black base, available in White Pearl and Heart Red, with chrome profiling.
